WEDNESDAY & THURSDAY

and Manager Sumner is to be congratulated upon securing such a good season.

The success of the play is said, which although technically a separate production, that the two plays merge into one city. It is, however, much to be regretted that the celebrated neighbor, and its inhabitants, are not to be seen in the picture. The picture is a masterpiece of the dramatic exercise of the pen.

The time is about two decades ago, in the days of the stage-flick, which was carefully borne in mind. The picture is a masterpiece of the dramatic exercise of the pen.

Madame Edvina appears in the picture. The picture is a masterpiece of the dramatic exercise of the pen.

NO REDUCTION IN SALARIES SAYS PATRICK

New Agreement Better For Hoc
Key Players, Says Coast
League President

VANCOUVER, Oct. 26.—Discussing prospects for the coming season to day, President Patrick emphasized the fact that there would be no reduction of the salaries as the result of the new agreement between the two leagues.

"No reduction is contemplated, nor will the new agreement have any effect on the salaries of the players," he said. "I believe that the players are better off under the new agreement. Personally, I want to see that the players in the coast league need have no fear of reduction in salaries. In fact, in some cases, increases are almost certain to be given. The signing of the agreement with the N.H.A. is going to help hockey and I feel free to better times for every one associated with the game."

He can say for himself the annual meeting of the Pacific Coast league will be held at Seattle, Nov. 9 or 10 in this city. At this meeting he will formally ratify the agreement with the N.H.A. elect officers and direct the season schedule. Until this meeting is held there will be nothing to discuss in the matter of the players. All of the men who were in the league last season will be back again, besides some new players from other cities in the west.

MACK'S RETURNING STUNT COST JUST ABOUT \$20,000

Critics Say Athletics Will Reach First Division Next Year—In Building up His New Club He Has Tried Out More Than 200 Players, Most From Semi-pros and Colleges.

While the Philadelphia Athletics went staggering through the season just closed a miserable and hopeless lot, there can no longer be any doubt that the House of Mack is coming back, and is again becoming a power in the American League.

After quietly reconstructing for two years the ball club that he wanted wrecked at the close of the season of 1914, the old Philadelphia club has once more assembled the makings of a team that will prove even now to be a first division club and a pennant contender next year, and is no regard to most of the league managers.

If there is such a thing as a baseball miracle this year, it has probably been performed by Connie Mack, and ambitious managers and fanatics would do well to take leaf from his book. His miracle is one of the most remarkable in the history of the game, for the attitude he has adopted since he rebuilt the 1915 team stars and look for unheard-of players.

Cost Only \$20,000.

Where Charles Connolly paid close to \$100,000 for the stars of the Chicago White Sox and the Yankees and Cleveland Indians, Mack has assembled a club that almost equals them as any of the others and has done it for the cost of only \$20,000.

With the men he has now and those he has coming, next season, the leader of the Mackmen will have a club that will compare with any next year. Around four men, Schang, McInnis, Struck and Bush, all that remain of the old Athletics, he has built a club. For three years he has lavished money on the team, but the first of the last two years, at short, with McInnis at first, and for air outfit, Struck, Ping Bodie and Chas. Crawford, regarded as the best ball player in the Southern league this year.

All Young Players.

For his pitching staff he has Joe Bush, whose record this year is remarkable, considering that he pitched for a club that won only about twenty per cent of its games; Elmer Stryker, Nabors, Shubert and "Jing" Johnson, his latest recruit.

For catchers he has Walke Shuey, who will return to his regular position next year; Hazy, who was secured in the trade for Walsh, and Fred, a promising player who he got his start on the loss of New York City.

The remarkable thing about the reconstruction of his club is that it has been done with practically no expense. Connie Mack has always been a believer in young talent. He never did favor the idea of recruiting from the minor leagues or from other big league clubs.

Costing him only \$2,000 for "Ping" Bodie, his whole club, recruited for the most part from college, cost him only about \$20,000, the price some managers pay for a higher class minor league player. Budd, Thersmer and Bodie are the only players who have cost him anything.

Before Mack's rebuilding of the club before the season was over, the Athletics would show something of the last of their last season, which, after all, they had lost. The Yankees, they made good. For the first time this year they became a hard club to beat and every one of them was a star. For the first time they were to them on the last visit to Philadelphia.

Clark Griffith, who is regarded as the best manager in the American League, after seeing the Athletics the last time and knowing what men

he had seen, said he was "in the game." Captain "Doc" McEvoy, who coached the Argonaut football team in Toronto, said he was "in the game." Captain "Doc" McEvoy, who coached the Argonaut football team in Toronto, said he was "in the game."

Captain "Doc" McEvoy, who coached the Argonaut football team in Toronto, said he was "in the game." Captain "Doc" McEvoy, who coached the Argonaut football team in Toronto, said he was "in the game."

"Derby Day" Bill Clymer, who will be remembered by eastern Canadian fans as a member of the Toronto team, is being touted as the successor of J. J. Callahan, manager of the Pittsburgh Pirates. Callahan has been trouble with the players last summer. Clymer has been a great success in his first year as manager of the Columbus team. He is now manager of the American Association and later went to Toronto. Last season he coached the Louisville team. He is now the manager of the American Association to the championship. He has finished the season by leading the Omaha team of the Western league from the minor league championship of the world.

Great hitters produce some unique records in the way of rolling up their averages. These the case of Ty Cobb, last season Cobb led the league in hitting and piled up a total of 298 hits. In compiling this record, Ty was winning the ball club consistently. Only once during the 1915 season did he miss as many as four consecutive games. During the season, Cobb's team was forced to wait before the major league season of 1916. Cobb's team was forced to wait before the major league season of 1916. Cobb's team was forced to wait before the major league season of 1916.

Cobb counted as many as four hits to

MINNEAPOLIS DRIVER MAKES NEW RECORD

Johnny Aitkin Wins 100-mile
Auto Race in 56 Minutes,
37.65 Seconds

NEW YORK, Oct. 29.—Johnny Aitkin, of Indianapolis, added to his laurels as a famed automobile driver by winning the gold trophy race of 100 miles on the Sheepshead Bay track yesterday.

His time for the distance was 56 minutes, 37.65 seconds, establishing a new American record, and is only seven seconds behind the world's best time. Aitkin's average speed was 106.5 miles per hour.

Frank Galvin finished second in 56 minutes 43.7 seconds, and Howard Wilson was third in 57 minutes 10.3 seconds.

Aitken made only one stop, when he went to the pit to change a tire, doing the pit and changing the tire in 10 seconds.

Aitken led at the ten and twenty mile marks, and took the lead, holding it to the 50th mile. He then turned the back stretch on his wheel tire in twenty seconds, but when he turned the back stretch on his 50th mile he was forced to retire when a broken crankshaft dented his car. Henderson was fourth, Devere 5th, Benedetti sixth and Higgins seventh.

The cash prize for the first six drivers were: \$1,000, \$2,000, \$1,500, \$1,000, \$500 and \$250. In addition several prizes, amounting to \$1,000, were given to the leaders from the tenth to the 90th mile.

After the main event, eleven cars started a consolation race for 100 miles, which was won by Jules Bevilacqua, in 1 hour and 10 minutes.

SPORTING COMMENT

Toronto, which has just awakened from its annual dream of becoming a major league city, is now busy selecting its players for next season's annual annual stunts. At present, the "Globe" is listed as the first season team of the Leafs. Gibson is the pitcher, and is listed as the first season team of the Leafs. Gibson is the pitcher, and is listed as the first season team of the Leafs.

Old time American football fans will recall the sensation which Dr. H. W. Williams, of Williams, Mass., created when in 1895 he introduced the game of football to the public. Dr. Williams, who is now a well-known physician, was the first to introduce the game of football to the public. Dr. Williams, who is now a well-known physician, was the first to introduce the game of football to the public.

BASEBALL FRATERNITY SENDS ULTIMATUM TO COMMISSION

President David L. Fultz Sends Official List of Requests to National Commission and National Board of Arbitration—Wants Unconditional Release to Immediately Free Players

NEW YORK, Oct. 29.—The official list of requests, which virtually means an ultimatum, made by the Baseball Players' Fraternity to the national commission and the national board of arbitration for concessions to its members, was outlined today by President David L. Fultz, of the fraternity, as follows:

"First, that changes in baseball contracts, empowering clubs to suspend without pay, after certain periods of disability, players who are injured to such an extent as to be unable to play for his services, so that by expiration of the release period they will have a position open for him. Item 24, contained in, takes their right away from the minor league players, thus materially lessening the value of the release."

"Second, that 10th of the Rules and Regulations of the National Board of Arbitration, which is a violation of the franchise, be nullified."

"Third, that minor league players receive their traveling expenses from their homes to the training camps, when reporting for spring practice. The 'traveling expenses' to include, in addition to railroad tickets, berth and meal money, where either of the last two items are the expense of the trip involved."

Fourth, that the franchise now employed by the National Board in hearing player appeals presented by the fraternity be amended so that the franchise shall receive explicit defense information by the clubs and an opportunity to be given of answering such defense; that immediately upon declaration of either team of the fraternity shall be served with a copy thereof the players, coaches, and

COMMERCIAL HIGH AND VICTORIA STARS LEAD IN BASKET BALL

In Senior Division Commercial High Suffered First Defeat at Hands of Strathcona High—This Week's Play May Just About Decide Ownership of Trophy For Year

The result of last week's games in the Junior and Senior High "school girls" basketball league leaves Commercial High and Victoria Stars with clear leads, and both teams going into the senior division playoffs. Commercial high suffered their first routing in the hands of Strathcona girls on the latter's court. This game was the first of the season, and the first time that the score was 7-5 in favor of the home team. The result of the game was 7-5 in favor of the home team. The result of the game was 7-5 in favor of the home team.

BOMB THROWING IS NEW SPORT AT THE FRONT

Soldiers Are Now Competing For Who Can Throw the Farthest

PARIS, Oct. 26.—Throwing the grenade is becoming a popular form of sport in France. A special club has recently been designed to be worn on the arm of the best grenade-thrower in each company. Besides the army, the sporting clubs have taken up grenade throwing, and grenade matches now take the place of the usual football, basketball, etc.

It is claimed that some of the soldiers have thrown a grenade 213 feet, but this is challenged by the sporting experts on the ground. The grenade was not made before a regular organization and was a regular arm. According to the regulations, a grenade cannot be thrown straight from the shoulder like a baseball, but is given a swinging overhead throw, much as a cricket ball is bowled.

A woman's throw is often responsible for her shortness of breath.
